Frequently Asked Questions

Submission and payment
I paid for my application but was told it was not yet submitted. Please forward the receipt you received. We will mark your payment as complete, and you will be able to see this in your status.

I submitted my application before midnight but it looks like I missed the deadline! Don't worry! The servers for the UCLA Application for Graduate Admission operate on Eastern time. As long as the application is submitted by 2:59 a.m. Eastern time on the day after the deadline, the application is considered on time.

I received an email with the subject line "DISCREPANCY." Please don't worry. These refer to minor data issues related to personal information you submitted and do not affect review of your application. There may be an applicant or student already in the database who has the same name and a very similar birthdate. Perhaps you applied before under a different name. We want to be sure your data is correct and loaded correctly, and we may need your help to determine if a correction is needed. We send hundreds of these emails near major deadlines (e.g., November 1, December 1, December 15), and it may take several days for us to get back to you when you respond.

Test Score Matching
 It may take five or more business days *after* you submit your application to match your official test scores. Expect to see "Awaiting" next to your official scores for several days after submission.
 Test score matching depends on your giving *exactly* the same personal information (name, date of birth and gender) to UCLA as you gave to the testing agency when you registered for the examination.

Unfortunately, if your proposed program has made GRE scores optional or not required, it is not possible to hide scores that you asked ETS to transmit to UCLA.

Fee Waiver Review
 If you requested a fee waiver, it may take several business days *after* you submit your application for your documentation to be reviewed. If it is determined that you are not eligible for a fee waiver, you will receive an email notice with instructions for paying the fee.

Navigating the application
I am in AB540 or DACA status. What should I do? Complete the entire application. On the Citizenship page, indicate your country of citizenship. For visa type, select NN if you are in AB540 status. If you are in DACA status, select DA.

4. Please read the FAQs carefully.
5. You will then go down the left tabs and complete each section. For example, Basic information is your Name, Address, Email, Phone Numbers, Gender and Birth Date.
6. When you get to **Plans for Graduate Study**,
 - In **Application Type**:
 - i. you will select **New Application** if you have never applied to UCLA for graduate study.
 - ii. If you applied the previous admission cycle and were admitted but declined, you will select **Renewal**.
 - iii. If you were a graduate student here previously (e.g., you were in Teacher Education Program and are now applying to Urban Schooling), you will select **Readmission**.
 - In **Major**:
 - i. If you are choosing to pursue an MA in Higher Education and Organizational Change (HEOC), Human Development and Psychology (HDP), Social Research Methodology (SRM), or Social Sciences and Comparative Education (SSCE), you will select: **Education MA – HDP, HEOC, SRM, SSCE only; see Education MED for other programs**

In **Awards/Distinctions and Publications/Organizations**, you can highlight a few that you find pertinent. We realize much of this will be on your resume/CV.

Awards/Distinctions

List academic awards, prizes, honors, fellowships, or other distinctions you have received.

Publications/Organizations

If pertinent to your proposed field of study, please list your publications and any scholarly or professional organizations in which you hold membership.

In **ED&IS Specific Essay or Statement**, you will submit what is applicable to your program. [The UCLA graduate application requires a Statement of Purpose (500 words, 1-page, 12-point font, single spaced) and a Personal Statement (500 words, 1-page, 12-point font, single spaced), which you will note on the separate tabs of the application. Please upload these respectively in these sections of the application.]

ED&IS requires an additional essay or statement, depending upon your specific program of interest. Unless specified, each essay or statement should be 3-5 pages, double-spaced, 12-point-font.

For Master of Arts and PhD applicants (Higher Education and Organizational Change; Human Development and Psychology; Social Research Methodology; Social Sciences and Comparative Education; or Urban Schooling):

We would like to learn more about you and your research interests, experience and goals. Information to include in this statement includes: your academic background and research experience. Why do you wish to attend graduate school specifically at UCLA and in this particular program? Explain how your research interests match those of the faculty with whom you would like to work. Have you achieved something that shows what you could contribute to this graduate program? How does this degree help you reach your career goals? What do you want to do with a UCLA education to make a difference in your academic field?

Additional Documents section:

If you are an International Applicant who is required to submit TOEFL (min. 87 iBT) or IELTS (7.0) scores, you may upload a copy of your score report in the Additional Documents section. The score should still be reported to UCLA officially. Applicants whose first language is not English but who hold a bachelor's or higher degree from a university located in the United States or in another country in which English is **both** the primary spoken language of daily life (e.g., Australia, Barbados, Canada, Ireland, Jamaica, New Zealand, United Kingdom) **and** the medium of instruction OR have completed at least two years of full-time study at such institutions are exempt from TOEFL or IELTS.

If you wish to indicate a housing preference, you may choose to do so here.

8. In **Academic History & Transcripts**, you will enter the institutions you attended and upload transcripts. If you only took a few classes at an institution, you do not need to include that. This should just be where you did significant coursework (e.g., an AA degree at a Community College; BA degree; graduate degree). The transcripts you upload may be unofficial; however, please make sure you can see the name of the institution on the transcript for where you earned your bachelor's degree and/or graduate degree or where it may be in progress.

We will only need an official transcript from you should you be admitted and accept admission.

If you are currently attending school, you can add the courses you are taking in the Work in Progress Section.

9. In **Additional Academic Info**, you will add the Major, GPA and GPA Scale (e.g., 4.0 or 100) for each institution.

Please note: Faculty only consider the cumulative GPA. You can estimate your Major GPA.

The screenshot shows a web form titled "Academic History" with the following fields and values:

 - How do you see yourself contributing to diversity in your profession after you earn your advanced degree at UCLA?
13. The **Survey Information** tab seeks information about how you learned of us, contact you may have had, other schools to which you are applying, and if you are funded as an international applicant.
14. **Professional Experience** requests information about employers and previous positions. You do not have to be exceptionally detailed here as your resume/CV likely has a lot of this information.
15. **Fellowship Application** conveys if you are applying for any UCLA fellowships.
16. We do not require any GRE scores.
17. **Letters of Recommendation:**
- You will submit three names and respective email addresses of your recommenders. You may enter names and addresses prior to submitting your application. These individuals will then be notified to complete the recommendation online. We recommend at least one academic and one professional recommendation, where possible. You will be able to ascertain via the Internet who has completed the recommendation and when. All recommendations must be submitted by the established deadline in order to be considered. Recommendations are completed and submitted online.

Letter of Recommendation

The majority of UCLA programs require THREE letters of recommendation. Please check the requirements carefully and enter the correct number of recommenders for your program.

Under the Family Educational Rights and Privacy Act of 1974, students have access to their education record, including letters of recommendation. However, students may waive their right to see letters of evaluation, in which case the letters will be held in confidence.

Please note: Applicants are not permitted to inspect letters of recommendation. Only those who did not waive access and who matriculate at UCLA may then inspect their letters of recommendation.

Submit your application by the deadline even if your recommenders have not yet provided their letters. Their letters will match to your submitted application.
