Submission and payment
 I paid for my application but was told it was not yet submitted. Please forward the receipt you received. We will mark your payment as complete, and you will be able to see this in your status.

I submitted my application before midnight but it looks like I missed the deadline! Don't worry! The servers for the UCLA Application for Graduate Admission operate on Eastern time. As long as the application is submitted by 2:59 a.m. Eastern time on the day after the deadline, the application is considered on time.

I received an email with the subject line "DISCREPANCY." Please don't worry. These refer to minor data issues related to personal information you submitted and do not affect review of your application. There may be an applicant or student already in the database who has the same name and a very similar birthdate. Perhaps you applied before under a different name. We want to be sure your data is correct and loaded correctly, and we may need your help to determine if a correction is needed. We send hundreds of these emails near major deadlines (e.g., November 1, December 1, December 15), and it may take several days for us to get back to you when you respond.

Test Score Matching
 It may take five or more business days *after* you submit your application to match your official test scores. Expect to see "Awaiting" next to your official scores for several days after submission.
 Test score matching depends on your giving *exactly* the same personal information (name, date of birth and gender) to UCLA as you gave to the testing agency when you registered for the examination.

Unfortunately, if your proposed program has made GRE scores optional or not required, it is not possible to hide scores that you asked ETS to transmit to UCLA.

Fee Waiver Review
 If you requested a fee waiver, it may take several business days *after* you submit your application for your documentation to be reviewed. If it is determined that you are not eligible for a fee waiver, you will receive an email notice with instructions for paying the fee.

Navigating the application
 I am in AB540 or DACA status. What should I do? Complete the entire application. On the Citizenship page, indicate your country of citizenship. For visa type, select NN if you are in AB540 status. If you are in DACA status, select DA.

4. Please read the FAQs carefully.
5. You will then go down the left tabs and complete each section. For example, Basic information is your Name, Address, Email, Phone Numbers, Gender and Birth Date.

- Articulated Degree Program w/Latin American Studies MLIS
- Concurrent Degree Program w/Management MLIS
- Library and Information Studies MLIS

Please check the deadline for your program carefully.

Once you select your Academic Division, you will select **Education Emphasis**: Archival Studies, Informatics, Library Studies, Media Archive Studies, or Rare Books and Print and Visual Culture.

In **Awards/Distinctions and Publications/Organizations**, you can highlight a few that you find pertinent. We realize much of this will be on your resume/CV.

Awards/Distinctions

List academic awards, prizes, honors, fellowships, or other distinctions you have received.

Publications/Organizations

If pertinent to your proposed field of study, please list your publications and any scholarly or professional organizations in which you hold membership.

Additional Documents section:

If you are an International Applicant who is required to submit TOEFL (min. 87 iBT) or IELTS (7.0) scores, you may upload a copy of your score report in the Additional Documents section. The score should still be reported to UCLA officially. Applicants whose first language is not English but who hold a bachelor’s or higher degree from a university located in the United States or in another country in which English is **both** the primary spoken language of daily life (e.g., Australia, Barbados, Canada, Ireland, Jamaica, New Zealand, United Kingdom) **and** the medium of instruction OR have completed at least two years of full-time study at such institutions are exempt from TOEFL or IELTS.

If you wish to indicate a housing preference, you may choose to do so here.

- 8. In **Academic History & Transcripts**, you will enter the institutions you attended and upload transcripts.

If you only took a few classes at an institution, you do not need to include that. This should just be where you did significant coursework (e.g., an AA degree at a Community College; BA degree; graduate degree).

The transcripts you upload may be unofficial; however, please make sure you can see the name of the institution on the transcript for where you earned your bachelor’s degree and/or graduate degree or where it may be in progress.

We will only need an official transcript from you should you be admitted and accept admission.

If you are currently attending school, you can add the courses you are taking in the Work in Progress Section.

- Are there educational, personal, cultural, economic, or social experiences, not described in your Statement of Purpose, that have shaped your academic journey? If so, how? Have any of these experiences provided unique perspective(s) that you would contribute to your program, field or profession?

 - How have you been actively engaged (e.g., through participation, employment, service, teaching or other activities) in programs or activities focused on increasing participation by groups that have been historically underrepresented in higher education?
 - How do you intend to engage in scholarly discourse, research, teaching, creative efforts, and/or community engagement during your graduate program that have the potential to advance diversity and equal opportunity in higher education?

13. The **Survey Information** tab seeks information about how you learned of us, contact you may have had, other schools to which you are applying, and if you are funded as an international applicant.
14. **Professional Experience** requests information about employers and previous positions. You do not have to be exceptionally detailed here as your resume/CV likely has a lot of this information.
15. **Fellowship Application** conveys if you are applying for any UCLA-specific fellowships.
16. We do not require any GRE scores.
17. **Letters of Recommendation**:
- You will submit three names and respective email addresses of your recommenders. You may enter names and addresses prior to submitting your application. These individuals will then be notified to complete the recommendation online. We recommend at least one academic and one
